Subject: NRDC meetings 1984 and 1985

1. For the technical NRDC Meeting, Vienna 1984, we had proposed Monday and Tuesday, 17, 18 September. NNDC prefers to have rather the second half of the same week, and rather 3 days.

We therefore propose now

19 - 21 September 1984

for the Technical Meeting of the Nuclear Reaction Data Centers. The agenda should include

Wednesday: Neutron matters
(CINDA, ENDF)

Thursday: EXFOR, CPND matters, PhND matters

Friday: Conclusions

Kindly send proposals for discussion in time before the meeting, possibly by CP-Memos.

2. For the 8th full meeting of the Nuclear Reaction Data Centers, NEA-DB has offered to host the meeting at the provisional date

9 - 11 October 1985,

probably at the Data Bank in Saclay. As there may be other meetings at this time of the year of which the dates are not yet known, the provisional date may have to be changed. Nevertheless, I would like to announce this date in order to receive comments whether it is suitable.
