

28 January 1986

To: Distribution

From: H.D. Lemmel *Lemmel*

Subject: 1.) Minutes of the 8th NRDC-Meeting, Saclay, 9-11 October 1985  
2.) Date of technical NRDC-Meeting 1986

-----  
Appendices: Those status reports that had not been distributed  
in writing at the meeting.

1.) Please find attached the Draft Minutes of the last NRDC-Meeting.

You have received the Draft of the Conclusions earlier under CP-D/144. Minutes, Conclusions, and Appendices are to be finalized and published as INDC(NDS)-178.

Action! Kindly send me your suggestions for changes or additions at your earliest convenience, but not later than 17 February 1986.

In particular I would like you to consider the following items:

- a. Do you agree to the selection of working papers to be included in the report? We had to exclude some in order to avoid a too voluminous report.
- b. Kindly check pages 4 and 5 containing a brief description of our data centres network. This description will be used also as advertisement elsewhere. (Obviously, the required shortness will involve some shortage of precision.)

2.) The date of the technical NRDC-Meeting 1986 had been fixed tentatively to 23-25 September (compare Memo CP-D/144, Conclusion 1.7.). On request by NNDC the date should be shifted after 1 October 1986, and we therefore propose Vienna, Tuesday 7 October to Thursday, Action! 9 October. Kindly let me know by telex if you cannot agree to this proposed date. Remember that this is the technical NRDC-Meeting which does not require the presence of center heads but rather the presence of technical staff involved in EXFOR work. (Of course, the other systems, CINDA, WRENDA, ENDF and related processing codes will also be on the agenda.) The meeting is, as before, at no cost to the Agency.

Appendices: Appended to this Memo are those status reports that had not been distributed in writing at the meeting; that is the status reports by

- NEA Data Bank
- CAJaD
- CDFE
- CNDC
