Subject: Dictionary TRANS 9065

We are sending out the dictionary transmission 9065 containing essentially the changes approved at the September NRDC meeting. Please note the following additional items and clarifications:

- New Croation journal FIZ/B (continuation of FIZ)
- The new area 4 country codes are introduced as approved at the NRDC meeting. The expansions of the codes were not changed although it is obvious that some institutes' names will no longer apply. CJD and CAJaD are asked to review the dictionaries 3, 5 and 6 and submit to NDS any changes.
- As was decided at the NRDC meeting (Action 8 in CP-D/230), those dictionaries only relevant for the obsolete ISO-QUANT formalism (i.e. dictionaries 10, 11, 12, 14, 41) are no longer included in this transmission.
