

## Compilation of Data Measured in Kazakhstan and Uzbekistan

(N. Otsuka, 2014-04-22)

Prof. Nurgali Takibayev (Al-Farabi Kazakh National University, Almaty) has informed that his group is willing to compile experimental data measured in Kazakhstan and Uzbekistan (*e.g.*, Institute of Nuclear Physics in Almaty and Tashkent), and NDS is training them. We propose to transfer the geographical responsibility for data measured in these two countries to NDS on a trial basis without change in the Protocol for the time being. (See also CP-D/824).

Following agreement with CAJaD, CDFE, CJD and CNPD, this trial was started in October 2013 by young researchers from these countries (Feruzjon Ergashev, Nurzat Kenzhebayev, Venera Kurmangalieva, Meruert Nusipalyeva, Meruert Takybayeva). So far 11 entries were prepared by the group, and they are summarized in **Table 1**. They received numerical data for all 2013 and 2014 articles in this table from the authors.
