3 This DOK(?) article is English. The header of the English translation is "Comptes Rendus (Doklady)".

4 The page number on the EXFOR entry **must be corrected** (583 → 555)

1. CJD, CNPD, CDFE and NEA DB are requested to add English translation information for the entries flagged by 1.
2. Two DOK articles coded in 41257 and 41258 are in English. Two questions:
 - (1) Are they translated from original Russian articles published in DOK?
 - (2) Should we change the code DOK to a new journal code for Comptes Rendus (Doklady)?

CJD cannot analyze this question because only vol.50 and later are available in the IPPE Library. Can CDFE or CNPD help to resolve these questions?
