The 8th Asian Nuclear Reaction Database Development Workshop

General Information

We are very pleased to announce that "The 8th Asian Nuclear Reaction Database Development Workshop" will be held at National University of Mongolia, Ulaanbaatar, Mongolia during October 11-13, 2017. As the 8th workshop of the AASPP series, we hope to discuss the present development and the future collaborations in Asian nuclear data activities in this workshop.

Purpose

The aim of this workshop is to bring together Asian nuclear data researchers to encourage nuclear data compilation, evaluation and discuss the future collaborations in Asian nuclear data activities based on recent developments in each country.

Topics

- * Nuclear Data Activities in Asian Nuclear Data Centers
- * Progress in EXFOR Compilation
- * Development of the Asian Nuclear Reaction Database Network
- * Nuclear Data Measurements and Experimental Facilities
- * Computational Nuclear Reaction and Nuclear Data Evaluation
