MEMO CP-A/29

To: distribution
From: G.M.Zhuravleva *Zhuravleva*
Subject: unit transmitted

We would like to draw your attention to following circumstance. The minimum unit transmitted is a subentry (NDS EXFOR Manual p.1X.2) at present. However we have no such transmitted form in our practice. We suggest to consider the entry as the minimum unit transmitted.

We believe, this form to be convenient for all centers, which use magnetic tapes for information exchange. To our opinion such transmitted form permits one to simplify the rules for transmissions of alteration to entries. In this case all alter flags can't be showed, but only permitted code should be done under keyword "HISTORY".

Thus the last transmitted entry will be the most reliable.

We would like to hear from the other centers as to their feelings on this.

With our best regards.
