MEMO CP-N/13

DATE: 9 May 2001
TO: Distribution
FROM: M. A. Kellett
SUBJECT: Change of Institute Code for Dictionary 003

In response to Memo CP-A/113 (dated 7 May 2001) I would like to confirm the following institute name expansion change for dictionary 3, which was originally suggested in Memo CP-C/243 (dated Sept 2 1998) and I'm sorry that I did not pick up the mistake at the time.

The old expansion for the code was;
2UK CRN (Cranford University, Swindon, Wiltshire)

which should be updated with;
2UK CRN (Royal Military College of Science, Cranfield University, Swindon, Wiltshire)

I am afraid the new expansion is rather long, but Cranfield University is based at three campuses, two of which are NOT found in Swindon, hence I propose to specify the extra information giving the full college name, which is in fact the more well known part of Cranfield University.

Kind Regards,

Mark
