Date:	June 20, 2025

Subject:	Proposed NRDC Protcol Update

Dear NRDC Community,

Please find the proposed version of the NRDC Protocol as introduced in yesterdays NRDC Meeting in the 'dev' branch of the public NRDC Protocol repository.

You can directly access the latest version of the proposed document in pdf and markdown version. For those of you who already have an NEA account, feel free to directly join the discussion in the corresponding merge request (MR). All core center heads can also create new branches and merge requests to adjust the proposal according to the discussion in the local communities. Let me know in case you don't have an NEA account yet or need assistance with Gitlab.

Best regards,

Julia
