Memo CP-C/285

DATE: June 14, 2001
TO: Distribution
FROM: V. McLane
SUBJECT: **Page numbers for reference**

I propose that we update the REFERENCE coding rules to allow page numbers with letters (e.g., 123c or L121). I am suspect the original restriction was placed on the page number because of CINDA. There seems to be no reason to continue with that restriction.

The Manual section would be updated as follows:

Page (paper #) subfield: If present, contains:

- the page number which may be numeric or may contain a number proceeded or followed by a letter, and/or
- the paper #, enclosed in parentheses, which may have any content, except commas or parentheses. If omitted, the following comma is also omitted.
