MEMO CP-4/179

DATE:	26 February 2010
TO:	Distribution
From:	M.Mikhaylyukova, V.Pronyaev
Subject:	HISTORY lines.

It's proposed:

1.

Add in EXFOR Format Manual in HISTORY (p.7.12):

4. The name of compiler has to be given as compiler name initials in free text after the coded information.

5. HISTORY lines have never to be deleted or revised.

Example: HISTORY (19940312C) SM
 (20090711A) MM. Data units corrected.

2.

In LEXFOR Manual, in HISTORY (page H.2) add the text (underlined):
 The coded information consists of a date and a one-character code,
 and is followed **by compiler initials and** free text.

3. NDS should keep the full list of compilers names, associated with such initials.

This new rule will improve responsibility of compilers and also let to other compilers to discuss in details all problems for given compilation and/or correction directly with the responsible compiler.
