

Statistics of checking the preliminary files

The time for submission of comments after a preliminary Trans files has been announced was reduced and the average delay is now 22 days, however the delay in submission of the final trans files is in average 1.36 months. The Centres should make efforts to reduce the delay in submission of the final Trans.

Comments are regularly submitted from NDS and NEA DB. NDS submitted comments on every trans. CDFE regularly checks Trans files with photonuclear data.
