

Statistics of checking the preliminary files

The time for submission of comments after a preliminary Trans files and delay in submission of the final Trans files haven't changed in 2011 in comparison with 2010. The Centres should make efforts to reduce the delay in submission comments and in the finalization of the final Trans files.

Comments are regularly submitted from NDS and NEA DB. CDFE regularly checks Trans files with photonuclear data. CJD often submits comments on Trans files with neutron data.
