

**Compilation of articles with priority
(NRDC2014 A20 – A29)**

The present working paper summarizes the status of the articles in the actions A20 –A29 from the NRDC2014 report. This is based on the Entries compiled in the final and the preliminary Trans files. **All pending articles are listed on the “articles in compilation” at the NRDC webpage <https://www-nds.iaea.org/nrdc/alloc/>** which is regularly updated based on preliminary tapes uploaded to the NDS open area. **Please inform NDS (Semkova) entry numbers before compilation of these pending articles to make tracking at NDS easier!**

Number of pending articles

(0 indicates there were articles at the NRDC 2014 meeting and all of them have been compiled.)
