

**Completeness Checking for Articles Published in JET (Vols. 1 to 127)**

(S. Selyankina, N. Otsuka, 2019-01-15, Memo CP-D/971)

NDS scanned Journal of Experimental and Theoretical Physics (JET, formerly known as the Soviet Physics JETP) Vols. 1 No.1 to Vol. 127 No.3. A list of articles for creation or revision of EXFOR entries by CDFE, CJD, CNPD, NDS, NEA DB and UkrNDC is appended to this memo.

Please inform us if an article assigned to your centre is questionable for compilation.

**Articles published in J. Exp. and Theoretical Phys. (JET) Vol. 1 No.1 to Vol. 127 No.3 and missing in EXFOR**

Note: The article listed with *RATIO* reports the data which can be compiled only with the REACTION ratio formalism. Since the quantity reported is not a frequently compiled one (e.g., ratio to standard cross section), it will not be registered in X4CoCoS, and its compilation is up to the responsible centre.
