Intercentre duplications

Entry 1	Entry 2	Comment received	Recommendation etc.
A0047	O0709	2023-08-25	Delete O0709. (O0709 is from digitization, while A0047 is from tables of the laboratory report.)
A0062	R0005	2024-01-18	Compilation from the same article.
E1953	P0121	2024-02-15	Compilation from the same article. NNDC agreed with deletion of P0121 (15 Feb. 2024).
E2254	F0164	2022-01-17	(E2254 is being deleted in PRELIM.E145.)

Other duplications

Entry 1	Entry 2	Comment received	Recommendation
20709.003	20808.007	2023-10-16	Delete 20709.003. (20808 is from the final journal publication, while 20709 is from a laboratory report.)
O2477.002	O2547.009	2024-01-30	Delete O2547.009. (The O2547 article cites the O2477 article for this dataset as [29].)
O0377	O0506	2023-08-25	Delete O0377 (O0377 is from one page abstract in Russian, while O0506 is from four page English conference contribution and contains more datasets.)
