Please find below a list of recent TRANS files, to be reviewed at the upcoming meeting.

Inventory of TRANS files processed since the 1998 NRDC meeting

The following TRANS files were received and processed by NDS since the 1998 NRDC meeting and are available from our open area. Some of the CPND and photonuclear TRANS files may be new to some of the centers. TRANS E016, E017, M023 and M024 were processed with some delay and were put on the open area with the dates converted (by NDS) to the 4-digit year format.

Area 1: 1271, 1272, 1273, 1274

Area 2: none (last TRANS received was 2145)
